OF

SIGMA TAU ALPHA

GREETINGS FROM SIGMA TAU ALPHA

Sigma Tau Alpha, College Rainbow Sorority, was founded on January 28, 1936 at the University of Washington in Seattle by Evelyn Murdock Campbell, for Rainbow girls to continue their association together. It has been given the approval and blessings of the Reverend W. Mark Sexson, founder of the Order of Rainbow, as the official national college organization. It traveled to four other campuses in Washington, but it has not been until the last couple of years that there has been felt the need to push Sigma Tau Alpha to other campuses throughout the United States in order to keep the older girls from dropping out of Rainbow before majority, and by encouraging the majority girls to continue their Rainbow associations both as a benefit to themselves, and also as an encouragement to girls looking forward to a college life. They find enjoyment and usefulness in their charity work, their aid to the Supreme Inspectors and Deputies, the Grand Assemblies and local assemblies, and in their social activities.

The National Federation and the State Directors are most happy to aid the local chapters in any way needed. Best wishes to all Sigma Tau Alpha girls and leaders.
